

Isabelle Dubar

About me

I'm a designer who's passionate about creating digital concepts and products through UI and UX. I also enjoy prompting thoughts and feelings with illustrations & photography.

Software skills

FIGMA

- ✦ Built interactive prototypes for mobile & desktop
- ✦ Created full design system
- ✦ Built component systems

ILLUSTRATOR

- ✦ Created icons, logotypes & informative illustrations
- ✦ Made art posters & invitations

AFTER EFFECTS

- ✦ Made my thesis in Ae at Yrgo: informative animation video of self illustrated sea-creatures
- ✦ Animated logotypes and information videos

LIGHTROOM + PS PHOTOSHOP

- ✦ Photo editing and retouching
- ✦ Photo collages

Work experience

DIGITAL DESIGNER

2022-2025

ChillServices

Worked with UX and UI to help design the company's mobile and computer apps, as well as animations and video editing. Created complete design and component systems in Figma.

WAREHOUSEWORKER

2019-2021

Jollyroom

Picking and packing goods and orders, which included driving a forklift and cleaning the warehouse.

TEMPORARY SUBSTITUTE IN PRESCHOOLS

2019

Göteborgs stad

Assist preschool teachers with their work with children; outdoor activities, dressing and serving meals.

Education

DIGITAL DESIGN

2021-2023

Yrgo

I learn to work in a project-based environment where digital concepts and products are created through UI and UX design, motion design and other digital forms of expressions.

AESTHETIC AND MEDIA

2016-2019

NTI Mediegymnasiet Göteborg (now LBS Kreativa gymnasiet)

I gained knowledge in various forms of media production, such as photography and film, but above all in graphic design which was my programme specialisation.
